### A Great Person on Earth “Mother”

Hello everyone,

We celebrate Mother's Day to appreciate the hard work that our mother's do in their life and the sacrifices that they make to keep their family happy.

Mothers are the most important human being in everyone's life and she is the strongest person in the family.

Mothers are our superhero, whether day or night they always support and encourage us. They have taken care of all our needs when we were not able to even speak.

They are the soul of truthfulness, love, affection, sacrifice, patience and sincerity. Their level of forgiveness is unmatched. They play a major role in the child's overall growth, development and progress. That's why the great conqueror and warrior of world Napoleon said: "Give me the good mothers and I will give you a good nation".

Mothers are the greatest gift given by God. They sacrifice happiness for their children to make them happy. They act as our source of power, motivation, best friend, mentor and always as guide us on the path to lead a meaningful and happy life

Finally, I have no words to explain my love for mother; I love my mother from the depth of heart and pray God for her happy, healthy and long life.

A special request to all children to respect, be polite and humble with your mother and always remember her sacrifices for your successful life.

**As your heaven is under the feet of your mother always try to keep her happy and never hurt her.**

**Thank you and have a nice day.**
