Helping Others

Hello everyone,

I would like to thank and sincerely appreciate your presence here today and on every topic your presence gives me much confidence towards my presentation.

Helping others is a great thing to do. We can learn new things and have fun. We should help people and animals. It will make you feel good.

How can we help others: We can help through charities, by giving our time, money service, support or giving things that we own! We can also help people or helping centers we know.

There are so many ways to help others; we can help poor people by giving our old toys or clothes in a charity that helps children who are in need or by giving our old books to a library.

We can help students if they are weak in reading and learning for any subject. Sharing knowledge is great help to others.

We can visit old people to talk to them or help them if they are in need.

Helping others is a best medicine to sleep with peace, dear friends let's start helping others from today onwards and have a heart to help others because Almighty God is with those who do good deeds.

Finally, I want to thank you all for listening me with patience and have a nice day.
